

Calvert Hospice Celebrates 25 Years in Calvert County

In 1984, Calvert Hospice opened its doors to its first patients. Comprised entirely of dedicated volunteers, the new Calvert Hospice committed itself to providing care for those in the County living with a terminal illness and to supporting those grieving the loss of someone close.

The original idea came from a study done by the League of Women Voters on mental health needs in Calvert County. Marie Andrews, chair of the study, then became the Program Chair of the newly formed Mental Health Association. Within that framework, those with a vision of hospice in Calvert County came together and began the work of creating the organization that became Calvert Hospice.

After months of meetings, Marie Andrews, Dr. Craig Jeschke, June King, and Ruth Reid signed the Articles of Incorporation on October 5, 1983. The first Board of Directors began recruiting volunteers to develop the Hospice training and patient care programs, and to begin to meet the needs of the community.

From the beginning, it was clear that volunteers were essential to the existence of Calvert Hospice. The same is true today; without volunteers, Hospice could not offer its bereavement program, could not raise funds to make the Hospice House and other programs possible, could not be part of the lives of patients and families in a way that is so vital to the unique care Hospice provides.

Because volunteers are so important to the mission of Hospice, ensuring that volunteers are well-trained has been an integral part of the Calvert Hospice mission from the outset. Twenty-one volunteers completed the first training, a 30-hour course that included Hospice philosophy, hands-on-care, needs of the dying, and caring for the family. Today, Calvert Hospice's 33-hour training is offered three times annually and attracts about 50 participants each year.

In its first six months of operation, Hospice cared for 6 families living with a loved one with a terminal diagnosis. In 2008, that number had grown to over 300 for the year. The number of individuals supported by the hospice program,

including family and caregivers was 27 in the first six months, and over 1,000 in 2008.

From the beginning, Hospice and its special type of care was warmly embraced by the community. Local

Executive Director

A quarter century of hospice care in Calvert County! The changes that have taken place in our community in the last 25 years are no less dramatic than the changes we have experienced here at Calvert Hospice. From a small, intensely committed, all-volunteer organization operating out of a borrowed office at the Calvert County Nursing Center, we have grown into a vibrant, thriving, Medicare-certified, accredited health care provider with staff of 45 and over 200 volunteers.

It is more than fitting that, in our 25th year, we will be launching what is perhaps our most ambitious new project since the founding of Calvert Hospice - the Burnett-Calvert Hospice House. As our founders did, we are looking to the future to see how we can best adapt our services to the meet the needs of the community. The Hospice House will be a critical addition to our hospice care at home program to serve the special needs of those who need a home away from home in their final days.

It is not possible in this small space to thank all the people who, over the last quarter century have contributed so generously to making Calvert Hospice the wonderful organization it is today. From the visionary founders to the present dedicated Board of Directors, from the original Friends of Calvert Hospice, which this year has merged into the larger hospice organization, to our generous friends throughout Calvert County, from the first volunteer nurses who visited families in our community to our current staff of dedicated professional nurses, social workers, chaplains, aides, and administrative personnel, every single individual has played a critical role in helping us reach the success we enjoy today.

The future will bring many challenges as we face a national discussion about how best to serve the healthcare needs of our citizens. But what is not in doubt is the important role hospice plays in the continuum of healthcare services. We will continue to identify and meet the needs of our community for the highest quality care during some of life's most profound moments. It is our privilege to do so.

SUMMER BEREAVEMENT PROGRAMS FOR CHILDREN AND TEENS

CAMP PHOENIX

CAMP PHOENIX offers every child the opportunity to express his or her feelings of grief and loss in a supportive and understanding environment. In addition to traditional camp activities, including swimming and sports, children participate in group discussions and creative activities led by professional counselors and trained volunteers.

TEEN PHOENIX

Teen Phoenix is a group experience for grieving teens 14 to 18. A two day, one night retreat supervised by trained mental health professionals, Teen Phoenix offers an emotionally safe atmosphere in which peer groups, art therapy, memory projects, and other activities help teens confront their loss, express their grief, and receive support from other teens who are grieving.

**All programs require registration. Please call the
Hospice Office 410-535-0893 or 301-855-1226**

Calvert Hospice Volunteers Enjoyed Puttin' On the Gritz at the "Swing Into Spring" Volunteer Appreciation Luncheon

Volunteers enjoyed the fabulous food, music and company. (Left to right) Ann Kaine; Delores Shant; Angela Bird; Robin Payne; Katzi Carver, Susan Anthony; Tom Bird and Michael Trebbe.

The Southern Maryland Swing Band a popular group that specializes in music of the Big Band Era entertained the volunteers. The Band also donates its services to the Asbury-Solomons Mardi Gras every year, delighting party-goers with the sounds of the 30s, 40s and 50s.

9TH ANNUAL ROBBIE MILES 5K FAMILY RUN/WALK KICKS OFF NATIONAL FITNESS MONTH

The first weekend in May marks the date Kate Miles and her family chose to honor the memory of her son Robbie with a 5K event to raise funds for the Burnett-Calvert Hospice House. Over 150 energetic runners and walkers turned out on Saturday, May 2nd, for the event honoring Robbie Miles, a young man with an extraordinary gift for life.

Charles and Joan Walton agreed that the cool temps and sunshine pushing through the clouds on Sat., May 2nd made it a perfect day for a 5K Family Run/Walk.

(Left to right) Executive Director Lynn Bonde, Lauren Becker and Senator Bernie Fowler congratulate First Place Robbie Miles 5K race winner Tom Offebacher.

Seshagiri Nadendla and Lakshmi Ghanta enjoyed starting National Fitness Month (May) with a swift 5K walk for a great cause.

(Left to Right) Karen Bryant and First Place Female race winner Pat Silva put their all into participating in the 5K to raise funds for the Burnett-Calvert Hospice House.

25 Years... *continued from p. 1*

health care providers, from Calvert Memorial Hospital to the excellent skilled nursing facilities in the community, from the Calvert County Health Department to physicians here and in surrounding jurisdictions, have recognized and supported the unique role Calvert Hospice plays in the lives of the families it serves.

In 1992, Calvert Hospice was certified by Medicare, allowing the organization to begin receiving funds that have enabled it to expand services and staff. In 2000, Calvert Hospice was accredited by the Joint Commission on the Accreditation of Health Care Organizations, demonstrating the quality of its care and services against nationally-recognized standards. And in the fall of 2009, 25 years after it first began caring for patients, Calvert Hospice will launch the Burnett-Calvert Hospice House, a home-away-from-home for those living their final days. This new initiative will require the dedication of staff and volunteers to meet the needs of those living in a Hospice-operated facility, and the continuing support of the community to ensure its success.

Calvert Hospice's growth and accomplishments over the years have been a product of a group of dedicated volunteers with a vision 25 years ago of an organization that, in the words of Marie Andrews, focuses on "excellence in providing the services that are now part of Hospice in the areas of the physical, the mental, the emotional, the spiritual, and the social relationship pieces of caring for terminally ill people." From the beginning, the desire of the community for Hospice care, and its recognition of the need to sustain Hospice services have brought thousands of families to Hospice for support. With new challenges ever on the horizon, the next 25 years will be an exciting time for Calvert Hospice, as it strives to broaden the strong foundation on which it was built.
